Founder & Brand Overview

Hey — I'm Vineet, founder of ProfitaMitra and a full-time trader passionate about empowering others toward financial freedom.

My stock market journey began in 2003 with just ₹10,000. After years of learning, failures, and growth, I became a full-time trader on 15th August 2019 — India's Independence Day, and my own day of financial independence too.

My primary income comes directly from trading — not from teaching or advisory sales. Everything I teach is based on real market experience.

- 20+ Years in Cloud Technology (Azure/AWS)
- Trading Since 2003
- Survived the 2008 Crisis & 2020 Crash
- Full-Time Trader Since 2019

FAQs

Is ShreeGanesha really enough for someone with zero market knowledge?

Yes — it's built specifically for that starting point. No finance background or jargon is assumed. In 3 hours you'll understand what Nifty and Sensex actually are, and the 3 mistakes that destroy most retail traders, before you ever risk real money.

What if I can't attend the live session?

You get a 30-day replay of your session, so a scheduling clash doesn't mean losing your seat. If you need to skip a whole batch, message us on WhatsApp and we'll move you to the next month's session.

Will I get buy/sell tips in this session?

No. ShreeGanesha — and every ProfitaMitra course — is education only. We never give trade calls, tips, or buy/sell recommendations.

What happens after ShreeGanesha if I want to go further?

ShreeGanesha is the first step in a 4-course path: StrategyMitra (₹5,555) → ProFitaMitra (₹55,555) → ExpertMitra (₹1,00,000). There's no pressure to continue.

Disclaimer: The ShreeGanesh Session is an educational program only. We do not provide investment advice, tips, or buy/sell recommendations. Trading and investing in securities markets involves risk of loss. Past performance is not indicative of future results. Seat fee is non-refundable but transferable to the next month's session.
